

Management Team

Theo Knöpker, Ruud Burlet, Chantal Bulten, Maurice Claasens, Marc Beeldsnijder and Hans van de Greef

Ecologically Economical - the green driving force

Ecologically: Rubber Resources strives to recycle rubber waste in order to preserve the environment and natural resources for future generations. *Economical:* A continuous awareness and focus on cost-savings for their customers. Their aim is to continue to be a solid and reliable partner for their customers, staff, shareholders and the environment as a whole. The green driving force benefits everyone.
