

MATERIAL SAFETY DATA SHEET (2001/58/EG)

**Ecorr® RNM**

Date of issue: 27.05.2002  
 Superseding date: 12.04.2006

Version: 004  
 Page: 001/002

<p><b>1. Identification of the substance/preparation and manufacturer</b>  <i>Product Trade-name:</i> <b>Ecorr® RNM</b>  <i>Manufacturer:</i> Rubber Resources B.V.                  Lage Frontweg 2a                  6219 PD Maastricht                  The Netherlands                  Telephone: +31 43 329 04 44                  Fax: +31 (0)43 325 71 91                  Emergency telephone: +31 43 329 03 37</p>
<p><b>2. Composition / information on ingredients</b>                  Rubber powder recovered from truck treads.                  Polymer content: about 50 - 62 %.                  Rest: carbon black, softener, filler.</p>
<p><b>3. Hazards identification</b>  <i>General description:</i> Not classified under EEC rules.</p>
<p><b>4. First aid measures</b>                  Not considered to be a serious health hazard.</p>
<p><b>5. Fire fighting measures</b>  <i>Extinguishing media:</i> All of the usual extinguishing media are allowed.  <i>Unsuitable extinguishing media:</i> High pressure jet of water.  <i>Unusual fire/explosion hazards:</i> May emit toxic fumes in fire: carbon dioxide, carbon monoxide, sulfur dioxide.  <i>Special protective equipment:</i> Wear full protective equipment with self- contained breathing apparatus.</p>
<p><b>6. Accidental release measures</b>                  Accidental release not expected.</p>
<p><b>7. Handling and storage</b>  <i>Handling :</i> No special precautions necessary.  <i>Storage:</i> Storage should be according to ISO 2230. The storage accommodation should be cool, below 25 °C, dry and moderately ventilated.</p>
<p><b>8. Exposure controls / personal protection</b>  <i>General :</i> Use gloves and avoid contact with skin.</p>

<b>9. Physical and chemical properties</b>	
Form	solid, powder / crumb
Color	black
Odor	rubber
Melting point	NA
Boiling point	NA
Flash point	NA
Auto-ignition temperature	UK
Explosion limits	UK
S.g. ( 20 °C) kg/m <sup>3</sup>	1100 - 1200
pH-value	NA
Solubility	insoluble in water; partially soluble in acetone
<b>10. Stability / reactivity</b>	
No special data on this product.	
<b>11. Toxicological information</b>	
No data available on this product. How ever evidence after many years use suggest that it does not require classification under EEC law.	
<b>12. Ecological information</b>	
<i>Ecotoxicity:</i> Not hazardous; solid material insoluble in water.	
<i>Biological degradation:</i> Degradation resistant.	
<b>13. Disposal considerations</b>	
<i>Product:</i> Incineration or landfill; Always consult the relevant local authority before disposal.	
<i>Package:</i> After cleaning prepare for reuse.	
<b>14. Transport information</b>	
Not classified as hazardous according to Rn. 2400 (5) / GGVS ADR (94/55/EC)	
<b>15. Regulatory information</b>	
<i>EC label :</i> Not classified.	
<b>16. Other information</b>	
The information presented herein is true and accurate to the best of our knowledge, but without any guarantee unless explicitly given.
